New Product

PLASTIC & FIBERGLASS BOAT CLEANER

AVAILABLE IN 500ml, 1 Liter, Gallon,
5 Gallon, &
45 Gallon containers

INSTRUCTIONS FOR USE:

1. Spray the surface to be cleaned
2. Scrub with a cloth, sponge or brush
3. Rinse with water.
4. Allow to dry.

Can be used from a spray bottle, industrial washing machines or High pressure washers.

Whatever system you are using, you need a mechanical action (rag, sponge, brush, air circulation, ultrasonic equipment) to break down the dirt, oil or grease.

ADVANTAGES:

Non – poisonous

Non – flammable

No hazardous solvents, phosphates, acids or silicones or other dangerous ingredients.

Biodegradable and environmentally friendly.

Breaks down and decomposes all oil, grease and dirt from any surfaces

Removes unpleasant odors and has a fresh smell

Leaves the cleaned surface antistatic.
