UNIVERSAL PLASTIC WELDING RIBBON (UR)

UNIVERSAL PLASTIC WELDING RIBBON was developed using the latest polymer technology and highest quality materials.

UR is specially formulated to meet and exceed the strength requirements to produce a superior repair when plastic welding.

Using UNIVERSAL PLASTIC WELDING RIBBON and following the recommended Pro Tech repair procedures, as found in our PRIME tech sheet, a superior bond is produced with high tear strength at the plastic weld.

UNIVERSAL PLASTIC WELDING RIBBON can be used on all types of plastics, such as Polypropylene, TPO, TPE and Polyurethane

When welding Polyurethane bumpers preheat the base material before applying our UR welding ribbon

Use Pro Tech's WT 002 Flat welding shoe for best results.
